Foreword by Wilhelm Peterßen 11

Introduction: We must foster moral competence! 13

1. Democracy, morality and education 25
 - 1.1 Democracy is a moral ideal
 - 1.2 Why acting according to our moral ideals is frequently so difficult: moral dilemmas
 - 1.3 What is moral competence?
 - 1.4 The growing need for moral-democratic education
 - 1.5 A challenge for education
 - 1.6 Opportunities for moral learning
 - 1.7 Moral development and academic learning
 - 1.8 The moral ideal of inclusion

Part 1: THEORETICAL BACKGROUND

2. On the meanings and aspects of morality 41
 - 2.1 Morality as compliance with external standards
 - 2.2 Morality as conformity with inner standards
 - 2.3 Morality as a competence
 - 2.4 How can moral competence be taught?
3. The Dual Aspect model of moral behavior 51
 - 3.1 Aspects, not components
 - 3.2 Moral orientations (affective aspect)
 - 3.3 Need moral orientations be taught?
 - 3.4 The two layers of the moral self: overt behavior and ethical reflection
4. Meaning and measurement of moral competence 59
 - 4.1 What is our concept of moral competence?
 - 4.2 How to measure moral competence
 - 4.3 The *Moral Competence Test* (MCT)
 - 4.4 How important is moral competence for “behavior”?
 - 4.5 How moral competence is manifested in behavior (internal perspective)
 - 4.6 How moral competence impacts social behavior (external perspective)

5. What are the origins of morality: the genes, the environment or education? 91
 - 5.1 The genetic determination theory of moral development
 - 5.2 The Dual Aspect Model compared to the Stage Model
 - 5.3 The new Educational Theory of moral development
 - 5.4 Effective methods of moral education

Part 2: FOSTERING MORAL COMPETENCE

6. The *Konstanz Method of Dilemma Discussion* (KMDD) 103
 - 6.1 Renunciation and revival of the dilemma method
 - 6.2 The aims of the KMDD
 - 6.3 The didactic principles of the KMDD
 - 6.4 How does the KMDD differ from the Blatt-Kohlberg method?
7. Preparing and implementing KMDD sessions 111
 - 7.1 Who benefits?
 - 7.2 Preparation
 - 7.3 Optimal length
 - 7.4 Fitting the KMDD into the course syllabus
8. Measuring the efficacy of KMDD sessions 115
9. The Just Community method 121
 - 9.1 Aims
 - 9.2 Didactic principles
10. Lessons learned from Just Community projects 125
 - 10.1 Brooklyn High School
 - 10.2 Theodore Roosevelt High School
 - 10.3 The ‘Democracy and Education in the School’ project
 - 10.4 Effects of the Just Community method in schools
 - 10.5 The Just Community in large high schools, colleges and universities
 - 10.6 Extending the Just Community method (by Heidi Gehrig)
 - 10.7 Establishing a Just Community
