Invitation to Summer School

Explorative Analysis and Visualization of Large Information Spaces
14.-18.09.2009, Gaschurn, Austria

Tutorials / workshops / presentations:
• Image processing (Prof. R. Sablatnig, Dr. M. Kampel, TU Vienna)
• Data mining (Prof. M. Berthold, Prof. U. Brandes, Uni Konstanz)
• Explorative analysis, visualization (PhD students, Uni Konstanz)

Apply for participation:
• Learn about the state of the art in these topics
• Find out how research in a PhD works
• All costs (travel, accommodation) will be covered

You may apply if
• you are an advanced computer science student (master / diploma) or
• you obtained the computer science degree in 2009 and
• you are female (special DFG funding available only for female students).

Dates:
• Applications are accepted until no places are left.
