

Call for applications: Network Research Visits with WIAS

The Zukunftskolleg of the University of Konstanz provides funding for up to

2 x Research Visits for early career researchers from the Waseda Institute for Advanced Study

lasting up to three months and based at the Zukunftskolleg in the year 2023. There is a parallel call that is open to early career researchers from all international partners of the Zukunftskolleg

Aim

Research Visits at the Zukunftskolleg support temporary research stays up to three months by international early career researchers from our bilateral partner research institutions. The aim of the Research Visits is to provide an opportunity to engage in a research project at the University of Konstanz, ideally in collaboration with a Zukunftskolleg fellow. No limitation is placed on the area of research within the humanities, natural and social sciences. Interdepartmental and interdisciplinary research is encouraged.

Visiting researchers receive a shared working space in the Zukunftskolleg with all the usual research facilities and are expected to participate in all Zukunftskolleg's activities. Experimental projects in the natural sciences can only be supported if arrangements for lab space are made with the respective departments, since the Zukunftskolleg does not have any laboratory space of its own.

Funding will include round trip travel to Konstanz (economy fare), up to 800€ per month for accommodation in Konstanz and a contribution to the living costs. The Zukunftskolleg will not offer employment contracts for Research Visits. As a university-based Institute for Advanced Study within the German academic system the Zukunftskolleg follows the [family oriented strategies](#) of the University of Konstanz.

Benefits for visiting researchers

- Standard expenses for one economy-class trip to Konstanz and back,
- Up to 800€ per month for accommodation in Konstanz,
- Living allowance of 400€ per month,
- Access to events organised by the Zukunftskolleg;
- The opportunity to present your research work to an interdisciplinary community at the Zukunftskolleg's weekly Jour fixe;
- Interaction with a lively international community of peers and support with contacting other researchers in your area of research;
- Access to library resources and IT services;
- Work space at the Zukunftskolleg.

Obligations for visiting researchers

- Reside in Konstanz or nearby throughout the Research Visit (the [Welcome Centre](#) of the University of Konstanz will gladly provide support with all organisational aspects of relocating to Konstanz);
- Contribute actively to interdisciplinary dialogue at the Zukunftskolleg, e.g. during the weekly Jour fixe meetings;
- Engage with fellows and researchers in relevant departments at the University of Konstanz;
- Present your work in seminars or public lectures;
- Acknowledge Zukunftskolleg support in any publications resulting from the stay;
- A short report on your activities and achievements (within 6 months of completing your Research Visit).

Eligibility

- Applicants for Research Visits are or have been affiliated with [the Zukunftskolleg's long-standing partner, the Waseda Institute for Advanced Study](#)
- They hold a doctorate or equivalent professional qualification. Consideration will be given to the academic record and the publications of all applicants as well as their capacity to disseminate their views among an interdisciplinary community.
- Applicants may not hold a permanent professorship, nor have a habilitation or equivalent qualification (*Venia legendi*).
- Candidates should provide evidence of any contact they have had with researchers at the Zukunftskolleg or at the University of Konstanz, and of the proposed collaboration during and beyond their stay at the Zukunftskolleg. Applicants who have initiated such contact before requesting funding will have a competitive advantage. Preference may be given to applicants who plan to collaborate with current fellows of the Zukunftskolleg.

Application

Please submit your application documents in English as a single PDF file to zukunftskolleg@uni-konstanz.de. Applications should include the following materials:

- A **letter of motivation** including a brief description of the project's collaborative objectives. The description should be written for an interdisciplinary decision-making committee (max. 2 pages);
- A **research project description** (maximum 5 pages including references);
- **CV** and a copy of your **doctoral certificate**;
- A short **letter of support** from a fellow at the Zukunftskolleg or a researcher employed at the University of Konstanz;
- **Timeline** for the proposed activities in 2023, if applicable. As a central aim of the research visit is to create networks with fellows and other researchers at the university, the majority of your research stay should fall within the semester (see the university's [calendar](#) for details);
- **Expenditure plan** for the year 2023.

Deadline: 28 June 2023, 15:00 CET
