HOW DOES EWP WORK?

Exchange only data foreseen in the mobility process

EWP IN A NUTSHELL

Erasmus Without Paper is a standardized exchange protocol for mobility data.

“The nice thing about standards is that there are so many to choose from.”

Andrew S. Tannenbaum

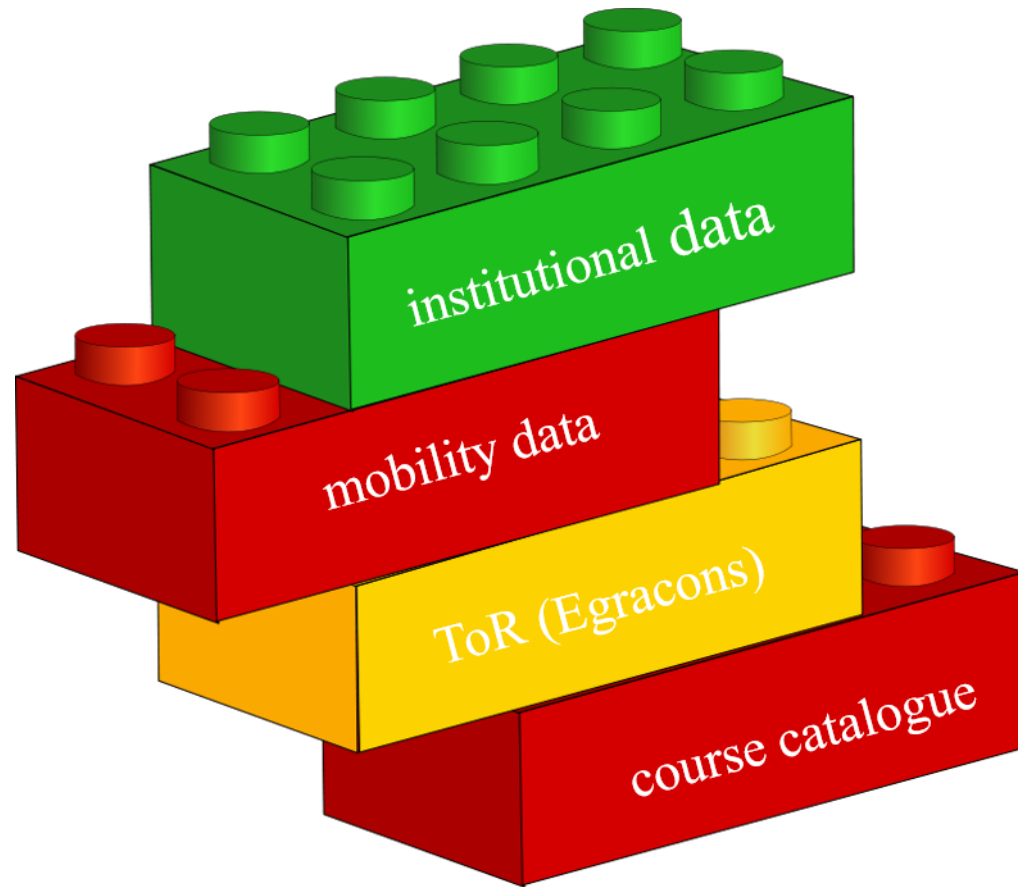

Which data can be exchanged?

- Institutional data of the HEIs
- Interinstitutional Agreements
- Nominations
- Learning Agreements
- Transcripts of Records
(with optional note conversion via Egracons)
- Arrival/Departure Data
- ...
- Report data (Mobility Tool+)

Erasmus Dashboard

Erasmus Dashboard is a tool designed to support HEIs with the administration of mobility. It allows you to manage incoming and outgoing students, sign and review their Online Learning Agreements as well as communicate with students and partner institutions. Less paper. Less time wasted. And this is just the beginning!

You are that close to start your ERASMUS experience...

Commitment of the three parties

By signing this document, the student, the sending institution and the receiving institution confirm that they approve the proposed Learning Agreement and that they will comply with all the arrangements agreed by all parties. Sending and receiving institutions undertake to apply all the principles of the Erasmus Charter for Higher Education relating to mobility for studies (or the principles agreed in the inter-institutional agreement for institutions located in partner countries).

The receiving institution confirms that the educational components listed in Table A are in line with its course catalogue.

The sending institution commits to recognise all the credits gained at the receiving institution for the successfully completed educational components and to count them towards the student's degree as described in Table B. Any exceptions to this rule are documented in an annex of this Learning Agreement and agreed by all parties.

The student and receiving institution will communicate to the sending institution any problems or changes regarding the proposed mobility programme, responsible persons and/or study period.

Before signing - ask your institution coordinator if they accept touchscreen scanned signatures!

SIGN ONLINE - works best on touch screen device

A signature capture area. It features a grey box with a handwritten signature 'Blod'. To the right of the signature box, the text reads 'STUDENT'S SIGNATURE' and 'DATE: 2017-07-21 14:30:08'. The entire signature box and text are enclosed in a blue oval.

Dear Erasmus+ coordinator,

Please follow the link below to access the Learning Agreement (LA) that Käptn Blaubär has prepared prior to his mobility period. **The sending institution has already signed it.** Read it carefully and if you agree with the choice of subjects, please sign to approve it.

If there are any objections, it is possible to decline the proposal and send your comments to the student.

By clicking on the link below you will be directed to the Erasmus Dashboard - a platform created for supporting Higher Education Institutions in managing Erasmus+ mobility administrative aspects as well as interacting with the students via Online Learning Agreement (OLA) platform as well as the Erasmus+ App.

More information on Erasmus Dashboard can be found below as well as in the Support section of the platform where video tutorials as well as FAQs are available.

What is the Erasmus Dashboard?

Erasmus Dashboard is an HEI administration panel for managing the Learning Agreements (LAs) online. It is a substantially more advanced version of unizone prototype released in 2016 and is developed in the framework of Online Learning Agreement follow up project (known as OLA+) with the financial support of the European Commission.

What are the Erasmus Dashboard functions?

- Upload and pre-fill some key elements of the LAs of your outgoing students (as an alternative to letting them start and fill their own LA).
- Check and filter lists of outgoing and incoming students.
- Send group emails and be able to comment on changes necessary before signing LA.
- Use the multiuser system allowing you to grant different levels of access and functionalities to the staff involved in mobility administration.
- Sign the Learning Agreement online and have a clear overview of the status of OLA.

What does it mean to sign the Learning Agreement via Erasmus Dashboard?

Erasmus Dashboard provides an easy and safe solution for signing the Online Learning Agreements. All connections to the OLA and Erasmus Dashboard are encrypted and authenticated via a digital certificate; encryption is also used in the links circulated through the email notifications and the legally binding terms of use forbid the EUF and the ESN to disclose student data to third parties (sending/receiving universities not included).

Erasmus Dashboard offers simple-to-use yet sophisticated tool to ease the mobility administration for HEIs and students. Furthermore, as the Erasmus Dashboard and the OLA are being developed with EU funding, its usage is and will always be free of charge for all interested students and HEIs.

Best regards,
The Erasmus Dashboard team

Information sessions

Full title

Check if your institution holds information sessions for students who are interested in studying abroad

Description

Higher Education Institutions (HEIs) usually organise information sessions for students who want to spend time abroad, where they explain available opportunities for mobility. Look for relevant announcements and attend the sessions for a sneak-peak of existing opportunities. There, you can also meet other interested students or those who have returned from mobility periods and want to **share their experiences** with you.

Sleep close to your university

Try to stay in a residence close to university, so that you spend less time to travel, more time for studies and other social activities. Arrange your accommodation before arrival, if you are using internet to find accommodation, beware of fraudsters especially when you have to transfer money to book your accommodation.

„International Transfer

We may transfer information that we collect about you to affiliated entities, or to other third parties across borders and from your country or jurisdiction to other countries or jurisdictions around the world. Please note that these countries and jurisdictions may not have the same data protection laws as your own jurisdiction, and you consent to the transfer of information and the use and disclosure of information about you, including personal information, as described in this Policy.”

He'd always thought that when individualism was stripped, it would be pried from a screaming populace by a ruthlessly tyrannical government. But instead of guns and goons, privacy was conquered by this: "Terms of Agreement."
