GUIDEBOOK - ILIAS:

Here we go, you will get to know our online learning platform ILIAS!

What is ILIAS?
ILIAS is the e-learning platform of the University of Konstanz. Electronic learning material from all departments and other institutions of the university is provided on this platform. While access to some courses is available to everyone, for all other courses you have to login with your university account.

Please activate your ILIAS.
What you need to do so, is your institutional login information (your @uni-konstanz.de e-mail address and the corresponding password). Please use the following link: https://ilias.uni-konstanz.de/ilias/login.php?cmd=force_login&client_id=ilias_uni&lang=en

Why is ILIAS useful?
After you have logged in for the first time, your ILIAS account is activated. Then our technical support can give you access to the corresponding "virtual rooms" of the classes you will attend during your studies at University of Konstanz.

ILIAS is really convenient, especially for teachers to contact their students, because your institutional e-mail address is linked to ILIAS. Therefore it is important that your name is registered there, so that you will receive information about your classes.

The following two pages roughly show you the main surfaces of the program, your personal desktop and what the surface of a course looks like.

ILIAS is pretty straight forward, in case of problems/questions contact the help service: ilias-support@uni-konstanz.de
### The ILIAS Surface “Personal Desktop”

#### System Messages
- ILIAS :: E-Learning Universität Konstanz
- Your registration for course "Psychologie der Kunst und Ästhetik"
