* General tuition fees (500.00 Euro) had to be paid in Baden-Wuerttemberg between Summer Semester 2007 and until including Winter Semester 2011/12. As a rule, nearly all students in any study programmes had to pay these fees each semester. With effect from Summer Semester 2012 on, they were abolished. Only for students who are matriculated in special study programmes there are still special tuition fees to pay. Before this, there were so-called longtime tuition fees until the Winter Semester 2006/07 with an amount of at last 510.00 Euro/semester.

** Since Winter Semester 2017/18, there are tuition fees for international students who are citizens of non-EU/EEA countries and for all students who are studying a second degree studies.
