INFORMATION ON THE CALL

KONSTANZIA FELLOWSHIP

1. **Goal of the Fellowship**

The Fellowship aims to foster the careers of female postdocs on the verge of a professorship with support tailored to the individual needs. The Fellowship is a main pillar of the Universities' strategy to support female young researchers and is issued by the Equal Opportunity Council.

2. **Entitled Persons**

Applications are open to female postdocs and whose identity varies from traditional gender norms, e.g. transgender, transsexual or intersex, who fulfill all of the following criteria:

- The applicant must be part of a work group at the University of Konstanz with a running contract until the end of the funding period (or at least covering 18 months).
- The applicant intends to pursue a scientific career with the aim of becoming a professor.
- The applicant is willing to spend time and engagement in the programme by participating in mentoring, training, coaching and network meetings.

3. **Modules of the Fellowship**

The Fellowship consists of two mandatory modules. Three optional modules can be selected on an individual basis by the fellow.

4. **Criteria for Admission**

- The applicant provides a convincing statement regarding why mentoring is crucial for her career.
- The applicant can show clearly how she will benefit from the modules of the fellowship regarding her career development.
- Researchers in the Margarete von Wrangell-Habilitationsprogramm, in the Brigitte Schlieben-Lange-Programm, and those who have family obligations or disabilities will be given preference.
5. **Application**

The application may be written in German or English.
