Call for applications: Network Research Visit

In honour of the Iaşi-Konstanz partnership, the Zukunftskolleg and the International Office of the University of Konstanz jointly provide funding for

Network Research Visit for early career researchers
from the Alexandru Ioan Cuza University of Iaşi

lasting up to three months and based at the Zukunftskolleg in the year 2021. This offer is part of the current call for the 2021 Network Research Visit programme at the Zukunftskolleg.

Aim

Research Visits at the Zukunftskolleg support temporary research stays up to three months by international early career researchers from our partner university Alexandru Ioan Cuza University of Iaşi. The aim of the Research Visits is to provide an opportunity to engage in a research project at the University of Konstanz, ideally in collaboration with a Zukunftskolleg fellow. No limitation is placed on the area of research within the humanities, natural and social sciences. Interdepartmental and interdisciplinary study is encouraged.

Visiting researchers receive a working space in the Zukunftskolleg with all the usual research facilities and are expected to participate in all Zukunftskolleg’s activities. Experimental projects in the natural sciences can only be supported if arrangements for lab space are made with the respective departments, since the Zukunftskolleg does not have any laboratory space of its own.

Funding will include round trip travel to Konstanz (economy fare) and up to €800/month for accommodation in Konstanz. The International Office will provide a DAAD-lump stipend of €2,000 for each Research Visit. The Zukunftskolleg and International Office will not offer employment contracts for Research Visits.
