

The Zukunftskolleg

The Zukunftskolleg

The Zukunftskolleg is an Institute for Advanced Study at the University of Konstanz founded in 2007. It offers **2-year and 5-year fellowships** as well as a diverse support network to promote the independence of early career researchers. Scholars in the humanities, social and natural sciences come to Konstanz from across the world to perform first-class research.

The fellows have responsibility for their own research group and funds. They are members of the Zukunftskolleg and one of the 13 departments at the University of Konstanz.

49 Senior Fellows
79 Mentorships

Experienced researchers are tremendous sources of knowledge. The Zukunftskolleg supports intergenerationality with several funding instruments that build bridges between experienced and junior researchers. For example, fellows can invite Senior Fellows or apply for our Mentorship Programme.
