The Zukunftskolleg

The Zukunftskolleg is an Institute for Advanced Study at the University of Konstanz founded in 2007. It offers 2-year and 5-year fellowships as well as a diverse support network to promote the independence of early career researchers.

Scholars in the humanities, social and natural sciences come to Konstanz from across the world to perform first-class research. The fellows have responsibility for their own research group and funds. They belong to the Zukunftskolleg and one of the 13 departments at the University of Konstanz.
